👤 About Me

I am currently a college student pursuing a Bachelor's degree in Computer Science at Pamantasan ng Lungsod ng Muntinlupa. My journey in higher education has been both enriching and transformative, offering numerous opportunities for intellectual growth, skill development, and personal discovery. Through my academic experiences, I have cultivated a deep passion for technology and innovation, while continuously challenging myself to evolve as a student, a future professional, and a lifelong learner.

🎓 Education

Pamantasan Lungsod Ng Muntinlupa

Muntinlupa Nation High School (Main)

- Senior High School
- Information and Communication Technology
- 2019 - 2021

Muntinlup Elementary School

2009 - 2015

🔍 Objective

As a dedicated student leader with a strong passion for the field of technology, I am deeply committed to both personal and collective growth. I believe that leadership goes beyond just guiding others—it involves empowering those around me through the sharing of knowledge, experience, and opportunities for development. My primary goal is to continuously learn, improve, and stay updated with the latest advancements in the tech industry while also creating avenues for my fellow students to grow alongside me.

Through workshops, collaborative projects, and open discussions, I strive to create an inclusive environment where knowledge is freely exchanged and curiosity is nurtured. I see every challenge as an opportunity to gain a fresh perspective, enhance my problem-solving abilities, and build stronger communication and technical skills. By encouraging a mindset of continuous improvement, I aim to not only achieve success in my own career but also make a meaningful impact on the academic and professional journeys of others.
